

THE CHRISTMAS NATIVITY PROGRAM BY MRS. DENIZE KEARNS, ART TEACHER,

Wow! Just Wow! Everyone was on cue every line spoken clearly and with heart. The actors remembered all that they were to do. Joseph's yawn and then the "Mary did you know?" song moved us all. The stage was alight with Mother Mary and the baby Jesus. The students performed beautifully, and at that moment it was apparent that the church was alive with the power of the Holy Spirit. As each group sang, the church began filling with abundant joy.

The costumes were amazing and adorable. The decision to put the star in front of the Kings leading them was just so cute. By this time parents were smiling, and it was no longer about just their child. They too were sharing the camaraderie that their children share in each day. Then the "Happy Birthday, Jesus" song . . . well, let's just say the Holy Spirit was alive and well. The singing and the beauty of everyone together was truly heartwarming, second and third angels were swaying, everyone was smiling, and some tearing up at the beautiful show. It was evident that the camaraderie comes from each of you. You worked so hard to bring this beautiful performance to fruition and I wanted to let you know from my birds eye view that it was an absolute success!

Thank you all for last night's performance. The fruits of your labor were truly evident in all the joy.

God Bless you all!
Love and peace,
Denize Kearns
